Eu-Min is a Senior Associate in the building and construction team at Tottle Partners.

He graduated from the University of Western Australia with a Bachelor of Laws (Honours), holds a Master of Laws from the University of Sydney, and is currently completing a Master of Construction Law at the University of Melbourne. Eu-Min was admitted to practice in Western Australia in 2008 and joined Tottle Partners in 2017.

Eu-Min acts for a wide variety of construction and engineering related clients including owners, developers, builders, contractors, sub-contractors, suppliers, architects, engineers, project managers, plant and equipment hirers and consultants.

He specialises in building, construction and engineering matters, providing advisory and dispute resolution services including:

- Providing initial risk management and dispute prevention advice.
- Providing claims advice, preparing claims, responses and contractual notices and generally managing the applicable contractual dispute resolution process.
- Generally conducting disputes, including by mediation, court litigation, arbitration, expert determination and adjudication.

Eu-Min's experience includes:

- Advisory and dispute resolution work on behalf of an EPCM contractor in relation to a Supreme Court dispute concerning iron ore processing plants in the Pilbara.
- Advisory and dispute resolution work on behalf of an earthworks contractor in relation to a Supreme Court dispute concerning drilling and blasting of rock and the construction of a tailings dam at Cape Preston.
- Claims management advice to the owner of a high-rise commercial development in the Perth CBD concerning construction defects.
- Advisory and arbitration work on behalf of the owner of a hotel development in the Perth CBD concerning construction defects and delay issues.
- Advisory and dispute resolution work on behalf of the owner of a gold mine in Ghana.
- Representation of contractors in numerous adjudications under the Construction Contracts Act 2004 (WA), review proceedings in the State Administrative Tribunal and judicial review and enforcement proceedings in the Supreme Court of Western Australia.

Eu-Min is the State Convenor of the Young Constructors Committee of the Society of Construction Law Australia and a member of the Brief Editorial Committee of the Law Society of Western Australia.
